Switching over to a cellular line will clear the trouble code while also saving the department in phone charges for the present line.

**F. Fire Department Boiler Repair:** The current boiler is over 40 years old and is starting to have valve and seal leaks. Part of the system has been isolated and shut off in preparation for repairs. Discussion regarding the eventual replacement of the boiler centered around hiring an engineer to assess and then design a new HVAC system to improve efficiency. The life of the current system is approximately 3 years. It was noted that a boiler replacement should be planned for in the next budget as it could cost between \$50,000 and \$60,000.

MOTION STATED:	Rairigh – Motion to approve repairs to the boiler system, not to exceed \$900.

**G. Ambulance Order:** Richardson explained one of the ambulances has been taken out of service while it gets remounted, leaving the department short one ambulance. The company doing the repairs has offered to remount one of the ambulances they have so none of our ambulances have to be taken out of service. This will not change the contract for Medic 51 to be remounted and it will utilize the deposit already paid for Medic 51. This will keep the department's fleet integrity intact. This would mean the department would have 3 ambulances in service and 1 for backup.

MOTION STATED:	Ross – Motion to approve the purchase of a remounted Brawn ambulance

**H. Zoning Ordinance Update:** Rairigh reported ordinances are difficult for residents to access online. Over time the township has added and updated pages making it even more difficult to navigate. Updating would mean all updates would be added in an organized way, making it more user friendly for residents. A quote was obtained from Williams and Works to update all the ordinances. Discussion centered around future updates and Municode.

MOTION STATED:	Schaefer – Motion to approve hiring Williams and Works to update the zoning ordinances and put them into a searchable format as previously budgeted in amount not to exceed \$28,000.

I. Planning Commission: Rairigh explained that Planning Commission would like approval to send letters to all waterfront property owners reminding them of setback ordinances with the setback for the Thornapple River being 100 feet, and the setback for lakefront property owners being 50 feet. The letter would also encourage those not in compliance to reach out to the Zoning Administrator for assistance. Discussion centered around the appropriateness of the ordinance and who it benefits. It was noted that all waterfront residents be treated fairly whether they got permits or not. It was pointed out that the view of

the waterfront should not be obstructed by accessory buildings and one person complained. The letter will make people aware of the ordinance and it is hoped residents will "self-audit" while also providing information to those considering constructing an accessory building.

MOTION STATED:	Schaefer – Motion to send a revised letter recommendation back to the Planning Commission with the authority to move ahead with sending the letter if the Planning Commission approves.
MOTION SUPPORTED:	Rairigh

January 6, 2025

Thornapple Twp Board Members,

Since the last monthly report, we have not received any zoning compliance permits.

The only major item lately has been the Duncan Lake item. The letters did go out to all residents just prior to Christmas break. As of this writing, I have received four self-surveys back from residents. I have had a couple calls/emails from residents inquiring further as to why we're doing this. Once the reasoning was given, they all had advised they understood and would return their forms.

The ordinance update is underway. We are hoping to have them back in the next month or so. We are looking forward to releasing the finished product. It will be very user-friendly and simplify looking up ordinances.

It has been a quiet month, which is typical for this time of year. I hope you all have had a great start to 2025!

Respectfully,

Phil Gensterblum

Zoning Administrator

# Michigan Issues FAQs and Other Materials for Earned Sick Time Act

The Michigan Department of Labor and Economic Opportunity has published answers to frequently asked questions (FAQs) about the Earned Sick Time Act (ESTA) that will take effect Feb. 21, 2025. The department has also posted a brochure and sample workplace poster on its website, along with a recorded webinar discussing the law.

#### **Earned Sick Time Act**

The ESTA was originally presented to the Michigan Legislature in 2018 as a ballot measure. The Legislature adopted and later amended the law, significantly narrowing the employee leave rights it provided and renaming it the <a href="Paid">Paid</a> Medical Leave Act (PMLA). The PMLA has been in effect since 2019.

Following litigation, the Michigan Supreme Court ruled on July 31, 2024, that the Legislature's adopt-and-amend procedure violated the state constitution. The Court ordered that the ESTA—the original, more employee-friendly version of the law—go into effect Feb. 21, 2025.

#### **FAQs**

The department has published 21 FAQs about the ESTA, addressing issues such as:

- Determining whether an employer meets the 10-employee threshold, which allows employers to limit earned sick leave to 40 hours of paid and 32 hours of unpaid leave (employers with more than 10 employees must compensate all 72 hours of paid sick leave);
- Definitions of "benefit year" and "family member";
- Carryover and use limits;
- Frontloading:
- Notice and documentation requirements for the use of earned sick time;
- Anti-retaliation provisions of the ESTA; and
- Employer penalties.

Of particular note is the information in the FAQs that employees are eligible for earned sick time under the ESTA only if the employer is required to withhold Provided to you by Acrisure LLC

#### **Important Dates**

#### July 31, 2024

The Michigan Supreme Court ruled that the PMLA was unconstitutional and the ESTA must be reinstated.

#### Feb. 21, 2025

The ESTA takes effect, and employers must provide required notice of employee rights under the law.

On Feb. 21, 2025, the
ESTA's more
employee-friendly
paid sick leave
benefits take effect.

federal income taxes from them (among other requirements). In addition, the FAQs clarify that employers may establish the benefit year as any regular and consecutive 12-month period. Also of interest to employers is that their paid leave policies may comply with ESTA, if the policies provide at least the same amounts of leave for the same purposes and under the same conditions (including the accrual rate) as the new law.

Employers should note that in addition to displaying the required workplace poster, they must provide written notice of an employee's rights under the ESTA at the time of hiring or on Feb. 21, 2025, whichever is later.

Employees successfully alleging violations of the ESTA may be awarded "all appropriate relief," including earned sick time improperly withheld, any damages incurred by the employee, back pay and reinstatement.

Importantly, the FAQs note that there is a rebuttable presumption that an employer violated the act if it takes any adverse personnel action against an employee within 90 days after the employee engages in protected activity under the ESTA.

Failure to provide earned sick time is subject to a fine of \$1,000, and failure to post the required workplace notice may result in a fine of \$100 for each violation.

#### INITIATION OF LEGISLATION

An initiation of legislation to provide workers with the right to earn sick time for personal or family health needs, as well as purposes related to domestic violence and sexual assault and school meetings needed as the result of a child's disability, health issues or issues due to domestic violence and sexual assault; to specify the conditions for accruing and using earned sick time; to prohibit retailation against an employee for requesting, exercising, or enforcing rights granted in this act; to prescribe powers and duties of certain state departments, agencies, and officers; to provide for promulgation of rules; and to provide remedies and sanctions.

On July 31, 2024, the Michigan Supreme Court ruled in a 4-3 decision that the Michigan Legislature violated the state constitution in *Mothering Justice v. Attorney General*, when it applied an "adopt-and-amend" approach in enacting and subsequently amending voter-initiated proposals within the same legislative session. This ruling marks a significant shift for Michigan employers and reinstates the 2018 voter-initiated version of the Earned Sick Time Act (ESTA), which generally provides for more paid sick leave and requires compliance from smaller employers who were previously exempt. The ESTA is set to become the broadest paid leave law in Michigan's history, given its extensive coverage and complex usage guidelines.

The paid leave ballot proposal, initially adopted as the ESTA, will be reinstated effective February 21, 2025, replacing Michigan's Paid Medical Leave Act (PMLA). By this date, all covered employers must either amend their existing paid leave policies or implement new ones to comply with the ESTA. In considering whether an employer's leave policies for Michigan employees is compliant under the ESTA, employers need to consider whether they are now considered a covered employer, how sick leave accrues, employee eligibility for earned sick time, and an employee's use of earned sick time, among many other considerations. Although we will likely see further clarifications on the provisions of the ESTA from the state, and there remains uncertainty regarding the implementation of the new law, highlighted below are certain key differences between the ESTA and the PMLA:

	Earned Sick Time Act As originally passed in 2018; going into effect February 21, 2025	Paid Medical Leave Act As amended in 2019; valid until February 20, 2025
Definitions	Earned Sick Time	Paid Medical Leave
	"Employee" is defined broadly, with only one stated exception for individuals employed by the U. S. government.	"Employee" is defined narrowly, with many stated exceptions, including: FLSA exempt employees, public employees, those covered by a collective bargaining agreement (as of the effective date, but subject to change upon expiration of the agreement), an individual employed by the U.S. government, and employees working 25 weeks or less in a calendar year, among others.
	"Employer" is defined broadly and includes all employers who employ one or more employees (excluding the U.S. Government). Note: "small businesses" (those employing less than 10 employees) are distinguished from other employers, which employ 10 or more employees.	"Employer" is defined narrowly and is limited to employers which employ 50 or more individuals.
	"Domestic Partner" and "[a]ny other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship" are included within the definition of "Family Member."	"Domestic Partner" and equivalent family relationships are not included within the definition of "Family Member."

	"Domestic Partner" means an adult in a committed relationship with another adult, including both same-sex and different-sex relationships.	
	"Retaliatory Personnel Action" means any of the following:	"Retaliatory Personnel Action" is not included.
	(i) Denial of any right guaranteed under this act.	
	(ij) A threat, discharge, suspension, demotion, reduction of hours, or other adverse action against an employee or former employee for exercise of a right guaranteed under this act.	
	(iij) Sanctions against an employee who is a recipient of public benefits for exercise of a right guaranteed under this act. Such acts are strictly prohibited by employers against employees exercising or attempting to exercise their earned sick time rights.	
Permitted Reasons for Leave	Includes "meetings at a child's school or place of care related to the child's health or disability, or the effects of domestic violence or sexual assault on the child."	Meetings at a child's school or place of care are not included.

Accrual and Use of Leave for Businesses Employing Less than 10 Employees ("Small Businesses")	Employees accrue 1 hour of earned sick time per 30 hours worked. Employees are not entitled to use more than 40 hours of paid earned sick time in a year unless the employer selects a higher limit. If an employee accrues more than 40 hours of earned sick time in a calendar year, the employee shall be entitled to use an additional 32 hours of unpaid earned sick time in that year, unless the employer selects a higher limit.	Employees do not accrue paid medical leave if their employer employs less than 50 employees.
Accrual and Use of Leave for Businesses Employing 10 or More Employees	Employees accrue 1 hour of earned sick time per 30 hours worked. Employees are entitled to use 72 hours of paid earned sick time per year, unless the employer selects a higher limit.	Employees working at businesses employing 50 or more employees accrue 1 hour of paid medical leave per 35 hours worked. Employees may not use more than 40 hours of paid medical leave in a year, unless the employer selects a higher limit.
Carry Over/Payout upon Separation	Employees may carry over all accrued but unused earned sick time from year to year, but an employer is not required to permit employees to use more than 40 hours of paid earned sick time and 32 hours of unpaid earned sick time in a year (for small businesses), or 72 hours of paid leave (for other employers).  This ESTA does not require payout of accrued earned sick time that was not used upon the employee's termination, resignation, retirement, or other separation from employment.	Employees are only permitted to carry over 40 hours of accrued but unused paid medical leave from year to year, unless the employer selects a higher limit. Usage may be capped at 40 hours per year.  The PMLA does not require payout of unused accrued paid medical leave that was not used upon the employee's separation from employment.
Front Loading	While not explicitly provided for, employers are presumed to be in compliance if the employer provides employees with earned sick	Employers are allowed to front-load and prorate an employee's paid medical leave

	time in at least the same amounts as employees would otherwise accrue under the ESTA. We expect further guidance on this front.	allowance. In such a case, employers do not have to allow carry over.*
Effect on Collective Bargaining Agreements	For employees covered by a Collective Bargaining Agreement (CBA) as of the effective date of the ESTA, employees will be eligible for earned sick time as of the CBA's initial expiration date.	Employees covered by a CBA were not eligible for paid medical leave until the stated expiration date in the collective bargaining agreement in effect as of the March 29, 2019 effective date of the PMLA.
Doctor's Notes	Employers are only permitted to request a doctor's note after an employee has been absent for more than three consecutive days. If requested by the employer, employees must provide a doctor's note in a "timely manner." If an employer chooses to require documentation for earned sick time, the employer is responsible for paying all out-of-pocket expenses the employee incurs in obtaining the documentation. If the employee does have health insurance, the employer is responsible for paying any costs charged to the employee by the healthcare provider for providing the specific documentation required by the employer.	Employers may request that employees provide a doctor's note at any point if that is the employer's usual and customary practice. In such cases, employers must give employees at least three days to provide a doctor's note.
Increments of Leave	Earned sick time may be used in the smaller of hourly increments or the smallest increment that the employer's payroll system uses to account for absences or use of other time.	Paid medical leave must be used in 1-hour increments unless the employer has a different increment policy and the policy is in writing in an employee handbook or other employee benefits document.
Reinstatement of Accrued Time Upon	Employers are required to reinstate any accrued but unused earned sick time that a former employee had if they are re-hired	Employers are not required to reinstate any accrued but unused paid medical leave that

Re-Hire	within six months.	a former employee had if they are rehired at any point.
Remedies – Civil Action	If an employer violates the ESTA, employees have three years to bring a civil action for payment of used earned sick time; rehiring or reinstatement to the employee's previous job, payment of back wages, reestablishment of employee benefits to which the employee otherwise would have been eligible if the employee had not been subjected to retaliatory personnel action or discrimination; and an equal additional amount of liquidated damages, together with costs and attorneys' fees.	Employees are not permitted to bring civil actions for employer violations.
Remedies – Filing a Claim with the Department of Licensing and Regulatory Affairs	If an employer violates the ESTA, employees have three years to file a claim with the department, but filing a claim is not a prerequisite or bar to bringing a civil action. The department will investigate any claim. The department may impose penalties and civil fines (up to \$1,000) and grant to an employee or former employee earned sick time previously withheld, any and all damages incurred by the complainant as a result of the violation, back pay, and reinstatement in the case of job loss.	If an employer violates the Act, employees have six months to file a claim with the department. The department will investigate any claim. The department may impose penalties and administrative fines (up to \$1,000) and grant an eligible employee or former eligible employee payment of all paid medical leave improperly withheld.
Rebuttable Presumption of Non- Compliance	There is a rebuttable presumption of a violation of the ESTA if an employer takes adverse personnel action against a person within 90 days after that person:  (a) Files a complaint with the department or a court alleging a violation of this act;	No rebuttable presumption of violation.

	(b) Informs any person about an employer's alleged violation of this act;	
	(c) Cooperates with the department or another person in the investigation or prosecution of any alleged violation of this act;	
	(d) Opposes any policy, practice, or act that is prohibited under this act; or	
	(e) Informs any person of his or her rights under this act.	
Notice Requirements	Employers must provide employees at the time of hire a written notice of the earned sick time policy, how the employer calculates the sick time benefit year, and the employee's right to bring a civil action or file a claim with the department. Notice must be provided in English, Spanish, and any language that is the first language spoken by at least 10% of the employer's workforce, as long as the department has translated the notice into such language. Employers are also required to display notice at the employer's place of business in a conspicuous and accessible location, with the same language requirements stated above.	Employers are not required to provide written notice of paid medical leave at the time of hire. Employers are only required to display notice at the employer's place of business in a conspicuous and accessible location, with no specific language requirements.
Records Retention Requirements	Employers must retain records documenting the hours worked and earned sick time taken by employees for at least three years.	Employers must retain records documenting the hours worked and paid medical leave taken by employees for at least one year.

<sup>\*</sup>Note also that under the PMLA, there is a rebuttable presumption that an employer is in compliance with this act if the employer provides at least 40 hours of paid leave to an eligible employee each benefit year. Meaning that employers who have an overarching PTO policy

that allows for leave set forth under the PMLA did not necessarily have to create a separate medical leave bank.

Although the Michigan Supreme Court's ruling reinstates the original ESTA initiative, it also stated that the legislature may amend it "as it sees fit" in subsequent sessions. The current legislative session, which extends until December 31, 2024, qualifies as a subsequent session, which means that the Michigan Legislature could create and pass new legislation to amend the original ESTA before the February 2025 effective date—or in subsequent sessions. However, whether the legislature will decide to do so remains unclear. In the meantime, employers should begin evaluating their existing paid leave policies to ensure they will come into compliance with the ETSA before February 21, 2025. Employers of employees subject to a CBA should make note of CBA expiration dates on or after February 21, 2025 and begin planning for upcoming changes affecting their unionized workforce.

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
